

Online safety week

Using technology and the internet to learn, communicate and play safely are rights you are entitled to.

How people use technology
at KPS and at home

How people use technology at KPS and at home

- To enhance learning
- To have fun
- To communicate
- To socialise
- To explore

Digital leader group survey findings

- 1) Every pupil in the school uses the internet at home, so everyone is at risk.
- 2) Nearly every pupil at KPS has a personal device at home so we need to teach everyone how to use them safely.
- 3) Half of the pupils at KPS have a mobile phone so we need to teach them about using them safely too.
- 4) Almost half of our pupils don't know what social media is or the risks involved in using it.
- 5) Nearly all the pupils who know about social media use it and two thirds of all pupils talk to people online in some form.

SHARP

**Think Before You Share: Be
Internet Sharp**

What is ok to share?

Name

Age

Address

School

Family info

Pictures

Bank details

Phone number

Passwords

What is ok to share?

Name Try not to use your real name on accounts

Age Never share your age with anyone online

Address Never tell anyone where you live

School Don't share where you go to school

Family info You should only share family information with your family members in private spaces

Pictures Don't share personal pictures of yourself, or pictures of others without their permission

Bank details Never put these on social media

Phone number Never put these on social media

Passwords Never put these on social media

Think before you share

ALERT

**Check it's For Real: Be Internet
Alert**

Be aware of fake news, online gossip and the things that are appropriate or not for you to be using online

- Don't believe things you read without checking the source is reliable
- Don't repost or resend something which is nasty, inappropriate or may upset someone, it may just be gossip or a rumour
- Remember anyone can pretend to be someone they're not, easily online

Be aware of age restrictions and rules of using apps and games online

SECURE

Protect Your Stuff: Be Internet
Secure

Some good advice

- Don't keep passwords stored on your phone or computer
 - Don't share passwords with friends or classmates
 - Read up online how to secure your computer, or any apps or sites you use. Ask a teacher or parent for help if you are not sure how to do this.
-
- **Make sure your password has the following**
 1. At least 8 letters
 2. A mix of capitals and lowercase
 3. A unique symbol
 4. A number

If Eilidh in P7 wanted to create a password would this be ok?

KIND

Respect Each Other: Be Internet
Kind

Things can spread quickly!

Think about sending an unkind comment , joke or bit of gossip. You may send it to one person but what if that person sent it to three friends and then they did the same!

Things can spread quickly!

81

243

One of these people shares on their Instagram, they have 600 followers

One of these people shares on their Twitter they have 2000 followers

One of these people shares on their Facebook, they have 450 friends

Think about how you would feel!

- Don't make a comment you wouldn't want to receive yourself
- Think about how someone would feel if they had no control over what was being said about them online
- Be positive, be kind, be enthusiastic
- If you don't have something nice to say, don't say anything at all
- Don't post pictures or comments that could be misused
- Remember **SHANARRI**, be respectful, keep each other safe, be responsible with your actions and words

Be internet kind
