Settling In Policy

UNCRC:

Article 6: I should be supported to live and grow

Article 24: I have the right to good quality health care, to clean water and good food

Article 31: I have a right to relax and play

Aim

Within the Kilcreggan ELCC setting, the practitioners and leadership aim to ensure that the admission of children is fair, equitable and responsive to the needs and preferences of individual children and their parents or carers. Following guidance from the Equality Act 2010, Kilcreggan ELCC, as an organisation, insists that no child should be excluded or disadvantaged because of ethnicity, culture, religious beliefs, language, family background, special educational needs, disability, gender or ability.

Consistency of Approach

In accordance with Getting It Right For Every Child (2007) guidance, all parents/carers are invited to the nursery with their child (before they start) to discuss the care and needs of their child with a member of staff and to ask any questions. Typically a member of management and the child's key worker will be there to ensure support is in place where required for the child and their family. The parents/carers will then be given the welcome pack which will include the All About Me and other relevant information.

Settling In

In line with the Getting it Right for Every Child (2007) guidance, Kilcreggan ELCC recognises due care and attention must be given to the parents, carers and child's need for time to settle into the setting and aims to work in partnership with parents or carers to settle the child into the setting's environment. Kilcreggan ELCC staff will aim to settle children into the setting by:

- Welcoming parents and carers into the nursery and encouraging them to stay with their child during the first nursery sessions until the child feels settled or the parent/carer feels comfortable about leaving their child

Kilcreggan Early Learning and Childcare Centre

- Offering advice and reassurance to parents and carers whose children seem to find it difficult to settle into the nursery and looking at various ways to support the child during this time
- Communication between ELCC and home is set up using the Seesaw app and parents/carers are able to observe and comment on their child's play
- Providing familiar play and learning activities and experiences based on the child's interests
- Allocating a member of staff to each child before they start at the nursery who will be the child's key worker. The designated staff member will make sure the child and their family are made welcome during the settling in sessions and ensure there is a smooth transition for the child. The designated staff member will also ensure good communication and information sharing takes place during these sessions.
- Within 28 days of the child starting nursery the key worker will meet with the parent to share the child's Personal Care Plan and ask for parental input to shape the plan.
- Kilcreggan ELCC recognises that there is no "one size fits all" approach to settling children into nursery and this process will be done on a case by case basis with support from management.

Health and Social Care Standards:

1.1 I am accepted and valued whatever my needs, ability, gender, age, faith, mental health status, race, background or sexual orientation.

1.2 My human rights are protected and promoted and I experience no discrimination

2.10 I can access translation services and communication tools where necessary and I am supported to use these.

3.13 I am treated as an individual by people who respect my needs, choices and wishes, and anyone making a decision about my future care and support knows me.

Other Legislation:

Equality Act 2010

Getting It Right For Every Child (2007) Scottish Government

Monitoring and Review

It is the responsibility of the Head Teacher along with the staff to monitor, evaluate and review the above arrangements and to adjust them according to need.
